

AIRTAME

technical specifications

General specifications

Supporting operating systems	Windows 7 / 8 / 8.1 / 10 Mac OSX 10.9 / 10.11 / 10.12 Linux Ubuntu 15.04 Chrome OS 48 iOS 9 Android 4.2.2
Screen connections	HDMI / VGA* / DVI* *With external adapter
Frame rate	1080p @ 30fps 720p @ 60fps 480p @ 60fps
Output resolution	1920 x 1080 1280 x 720 16:09
Input resolutions	Up to 4K* *Scaled to Full HD
Number of screen duplications	60* *Dependant on network infrastructure
Audio	Stereo 192Kb bps VAR
iOS and Android compatibility	Local content only via specific Airtame application for media, presentations, spreadsheets, etc.
Authentication protocol	WPA2-PSK / Enterprise 802.1x (SSL)

Encryption	AES / PEAP
Wireless transmission protocol	IEEE 802.11 a /g / n
Data rate wireless	Up to 72Mbps Receive up to 150Mbps
Reach	Max 30m* (100 ft) *Dependant on number of obstacles etc
Band	2.4 GHz & 5 GHz
Connections	1 Micro USB host port 1 Micro USB power port
Temp range	-40 to +80 storage +5 to +40 operating
Lifetime	MTBF = 40,000h (Confidence level = 85%)
Warranty	Minimum 1 year standard Certain regions will vary according to national law

System requirements

Minimum:	Dual core 1.6GHz CPU 1GB RAM 802.11g WiFi OS: Windows 7, Ubuntu 15.04, Mac OS X 10.9, iOS 9, Android 4.2.2
Recommended:	Computer from 2011 or newer Dual core 2.8GHz CPU 4GB RAM 802.11 a / n / ac WiFi OS: Win 10, Ubuntu 15.04, Mac OS X 10.12, iOS 9, Android 4.2.2
Router recommendation	2,4 GHz n 5 GHz n / ac MIMO 2x2 300 MBit

Dimensions

L:	76.88 mm
W:	40.91 mm
H:	14.30 mm
